Customer Reviews

Yet another amazing adult coloring book from Penny Farthing!! Her books have such great variety of images, & the quality of the books & paper, are very nice as well!! A great quality book at a very reasonable & affordable price!!

The mandalas were shrunk to fit in the book so the outlines were wide and dark and left almost no room to add color. Very disappointed.

She did it again! Penny Farthing has done another 50 new designs for us. This is the second in her World's Best Mandala series that I have gotten and I love every single one. The images are clear and the paper is a great weight. The pages are single sided. You only have to grab your choice of

coloring medium and have at it. If you use a wet medium such as watercolors or markers and do not take out the page then I suggest a piece of card stock between to keep under image pristine. I really enjoy her relaxing mandalas, I would recommend this book or the whole series to anyone be it novice or advanced.

So beautiful! I enjoy coloring these (and all) mandalas - to me, it's another way to meditate and destress.

Another Penny Farthing coloring book. I really do like there product. Great pictures to color and very well priced.

50 very cool designs on a mid weight paper. Excellent value!!
