This is a highly informative book, explaining in easy to read language the condition of thyroid disorder, as well as dietary and medical treatments. Best of all, it includes prayers as you read along. God is the true healer and we are reminded of that as we read along. This book is a blessing to me.

This is a great little book with a good amount of information packed in. It will definitely give you some background knowledge and point you in the right direction if you are having thyroid issues. If your thyroid problem comes from Hashimoto's disease, an autoimmune disorder, I would also recommend Dr. Colbert's Bible Cure book on autoimmune disease...an excellent companion book (which also goes into other autoimmune issues such as lupus, etc.). If you do not know if you have Hashimoto's, your doctor can check your antibody levels....it is worth checking as this is one of the main causes of hypothyroidism. Generally doctors do not treat this but the bible cure book on

autoimmune diseases can give you some advice on natural things you can do to help your system.

I have a lot of books for natural cures. This one seems right on with the advice I've received over the years and from different references. I like having a simple notation of supplement and dosages. I bought one for a friend too.

This little book was useful by giving me some helpful information about herbs and all different types of thyroid conditions. Didn't cost much and helpful for anyone who needs more help than internet information.

Thin and easy to read!! I must have read about 6 thyroid books before getting one. THIS ONE BOOK had every good advice (on how to improve your thyroid function) all the other books had and much more! The other books were larger, but all of them together did NOT cover ALL the ways to improve your thyroid function. Each book read prior to this one was a waste of time.....when all along this simple tiny book had it ALL. More supplements and products listed to use and to stay away from; as well as supplements for stressed out adrenals. More details about the water you drink and which sources hurt your thyroid. More on what triggers and aggravates hypothyroidism. You get the picture. The first one-fourth of the book address signs, symptoms, diagnosis, and detail of the different thyroid problems and why they occur. This is one AMAZING book. I highly recommend it.

The credibility of this doctor is outstanding... all of his books are filled with wisdom... I recommend any of his books highly. He writes with much authority, knowledge through his many years of experience and in simple verse that is easy to comprehend. He does not talk down to the reader, but uses many visuals to relate what he is presenting. His Bible Cure series is awesome!

I enjoyed the Bible verses in the book, but really didn't get too much new info, felt like the author was trying to sell me his other books and products.

Don Colbert has always been a favorite of mine for many years now. He seems to know what he is talking about. I have watched him on TV and he is very knowledgeable when it comes to Detoxing and many health problems like the thyroid and adrenals. Its a Great Book to read. Wish he had it on CD's so I can Drive and listen also.
