The Finely Fitted Yacht, Volumes 1 And 2 In One Volume (Volumes I And II)

Synopsis

Contains explicitly described and illustrated instructions for over 200 projects that will enrich the beauty and usefulness of any yacht. The author discusses the use of all required tools and treatment of needed materials while irreverently analysing the purpose of each undertaking. The projects cover everything from dishracks and miniature fireplaces to sun awnings and skylights

Customer Reviews

Purchased second hand and in excellent condition BUT the picture in the advert was in color like the one here, very misleading since the book is printed in Black and White! It is a VERY OLD EDITION of the work. Some good ideas but hopelessly out of date in regards to materials and glues. Not happy...

Great read with nice drawings and ideas for projects for old school boats that just about anyone can build to save space and add a little something to the space or make it more useful.
