# CLEP Information Systems

## Synopsis

Your job will be to test drive your knowledge in Information Systems to see if you can answer 50% correctly. Next, use the detailed answers to improve. If you decide you are ready, check to see that your college offers the credits, generally 3 credits. Your accomplishment not only means you donâ™t have to take that course, you actually fill your majorâ™s requirements. Once you see how easy it is to test out with a 50% cut score, youâ™re going to want to graduate early. If you take 5 CLEP exams, you can skip one semester. In FL state schools, you can CLEP up to 75% of your courses to obtain a two year degree. These CLEP credits are transferable to a four year degree. CLEP tests are factual and are easier than SATs which are more in depth. Advanced Placement (AP) exams cover the same topics but are far more difficult. Courses are not offered for CLEP therefore, you can use self-study guides to review. XAMonline makes a full content guide for the following exams -CLEP Algebra: 9781607875307 CLEP College Composition/Modular: 9781607875277 CLEP Spanish: 9781607875284 CLEP Biology: 9781607875314 CLEP Math: 9781607875321 CLEP Psychology: 9781607875291

## Customer Reviews

Note that this is just a practice test, but it is worth the cost due to the insane lack of up to date options for this particular CLEP. This is about the only IS CLEP related material that even has the name right(it was changed last year), and some are so out of date they include sections on zip drives! So basically, buy this practice test if you want to prepare at all and know what you are looking at is even remotely relevant. I went in after just running through this practice test and the official practice test(on the CLEP website) and scored near perfect(brought low by business terminology I'd never heard of, as the CLEP is technically for a "business course" and not a "computer course"). Your mileage may vary depending on how well you know computers, but if nothing else this will give you a clear concept of if you have any business taking this particular CLEP to begin with.(The IS CLEP involves information that must be kept more up to date than most, and I believe this makes it less cost effective for the big guide publishers to keep their material in usable order. And computer related information from 2010 just won't cut it.)
