Wedding Industry Secrets: The Tips And Tricks That Will Help You Cut Your Wedding Bill In Half

Synopsis

INTRODUCTION I am of the firm belief that planning a wedding should be awesome, and I wrote this guide because when I started doing research, I found out quickly that it was not. In fact, it was more like “overwhelming,” “stressful,” and “confusing” all at once. My common refrain was “do they seriously expect to charge me that?” This is for the bride (or groom) who has had that “oh shit” moment where the wedding industry has slapped you in the face with multiple gold-encrusted dollar signs. It is also for the bride or groom who wants to preemptively avoid said face-smacking. Because yay! Wedding planning is supposed to be fun! And it should also be affordable. So here’s some of what the book will cover:- The Truth About Wedding Venues “ The 7 Part Plan to Protect Yourself And Get the Best Deal As You Start Your Search- Catering: How to Eat Well, Drink Well, and Pay Less- The Secret to Hiring Fantastic Photographers and Videographers- Guest Interactions “ The Secret to Ensuring Everyone Loves Your Wedding

LOVE that it lays it out as it is. Full of thoughts that hadn’t occurred to me. The florist idea can easily save hundreds of dollars. The venue ideas were really diverse and helpful as it went to seasonality and times that could also help cut the bill by another 10-20%. Really appreciated the blocking and

tackling of how to approach vendors and negotiate, and what questions to ask. It's a bit overwhelming having all these phone calls so having something to reference is great. One negative though - I wish it spent some time talking through logistics but I guess since it's a book about budgeting I can't really blame that. Definitely worthwhile and I'd give this to all my friends planning weddings.

This was a fantastic book from start to finish. There were so many helpful ideas! I loved the tips and tricks for venues especially going off the beaten path. I also loved the backstory on wedding dresses, I was more confident and prepared for my fitting I had a few weeks ago! I don't want to give too much away but my favorite part was the Q&A section that every bride needs to have with their finance. My fiancé and I had such a fun time with that one! I highly recommend this book for any bride to be!

This book caught my eye and since it was a good deal I figured I'd pick up a copy for my fiancée. There were a ton of new ideas that she had never seen before on the wedding budget blogs she reads, especially on caterers and venues. Just the tip on open bar alternatives (a la carte where we pay behind the scenes and get notified if we get to our budget ceiling) is going to save us \$1700. For that alone I think it's definitely worth it.
