Shipping Weight: 15.2 ounces

Average Customer Review: 3.6 out of 5 starsÂ  [See all reviewsÂ](#) (5 customer reviews)

Best Sellers Rank: #1,732,212 in Books (See Top 100 in Books) #191 inÂ  Books > Engineering & Transportation > Transportation > Mass Transit #328143 inÂ  Books > Textbooks

## Customer Reviews

This book is supposed to contain 10 parts. What we received was a much smaller book which turned out to be a compilation of only parts 1, 5 and 6. Much smaller than the original and missing quite a bit of information. 7 parts to be exact. Both the full version and the smaller version have the same isbn so be ware.

The book said excellent condition....there was writing through out the book and had bent and stained pages. I realize it is a used book....but don't advertise as excellent condition.

Speedy transaction - well packaged - as reported condition - would do business with again. Thanks

Not much changed from the 2003 to 2009. It is good to show workers this color version.

Very informative textbook at a rock-bottom bargain price.
