# The Human Magnet Syndrome: Why We Love People Who Hurt Us

## **Synopsis**

Since the dawn of civilization, men and women have been magnetically and irresistibly drawn together into romantic relationships, not so much by what they see, feel and think, but more by invisible forces. When individuals with healthy emotional backgrounds meet, the irresistible à œelove forceâ • creates a sustainable, reciprocal and stable relationship. Codependents and emotional manipulators are similarly enveloped in a seductive dreamlike state; however, it will later unfold into a painful à œeesawâ • of love, pain, hope and disappointment. The soul mate of the codependentâ ™s dreams will become the emotional manipulator of their nightmares. Readers of the Human Magnet Syndrome will better understand why they, despite their dreams for true love, find themselves hopelessly and painfully in love with partners who hurt them. This book will guide and inspire both the layman and the professional.

Oh my... this book was amazing!! Thank you Ross Rosenberg!!! I am a student finishing up my AA degree in human services w/ an emphasis on certification for Chemical Dependency Professional... I WAS going to work as a substance abuse counselor however, the past two year, after my own awakening in my codependent ways of being, I began working a recovery program in Al-anon. I read everything I could get my hands on with regards to this topic and devoured all my college level text books on the subject of addiction ... because the narcissistic addict was the thorn in my flesh...I began to understand and fully understand after reading this book, how we attract the opposite of what we are... I was a serious codependent. I never realized I learned to HATE who I was.. to avoid

an abusive, rage-a-holic father, I employed roles and ways to being to anticipate what was coming so I could avoid being beaten... It never worked but I learned how to read people and please them to avoid being abandoned rejected and orphaned ...I have had a few significant relationships in my life. All were with narcissist once using addicts and a few in active addiction. I was unable to see the pattern or see anything in me that was bringing them into my life.. just wasn't the time. Two years ago, it became time to wake up and change...Today, this book has helped me understand the continuum of how and who attracts who... a -5 codependent will attract a +5 narcissistic personality, BPD, or addict narcissist ... addicts are always narcissistic.. they literally have a love relationship with their drug of choice and USE people ...
