## Customer Reviews

This is a great classic Sesame Street book. My copy, purchased from an third party merchant, was in very good condition with only a To/From signature on this inside cover. Great value since I plan to give this to my child and the "never used" editions are selling for as much as \$75. This is a story that is actually enjoyable for me to read so I hope it turns out to be one of my daughter's favorites.

We acted out the scenes as we read them to our children. My husband was the male voices and I was the female voices. We also recorded our reading the book to them.

If you're an old-school Ernie & Bert fan, like me, this book will crack you up! They don't write them like this anymore!
